EDUCATION

**Bachelor of Commerce
Corporate Secretary
AM Jain College,
(2020 – 2023)**

**HSC
KRM Matriculation Higher
Secondary School,
(2019 – 2020)**

**SSLC
KRM Matriculation Higher
Secondary School,
(2017 – 2018)**

CERTIFICATIONS

- Data Analyst Training**
Besant Technologies
(2024)

TECHNICAL SKILLS

Programming Languages

- Python
- SQL

Libraries/Frameworks

- Jupyter Notebook

Tools/Platforms

- Excel (Advanced functions, PivotTables, Data Analysis Tools)
- Power BI
- Tableau

SOFT SKILLS

- Continuous Learning Mindset
- Precision Under Pressure
- Emotional Intelligence
- Attention to Detail
- Analytical Thinking

PROFILE

Recent graduate ready to begin a career in data analysis, competent in data analysis and visualization using Tableau, Python, Power BI, Excel, and SQL. Passionate about problem-solving and interpreting complex data. Eager to contribute innovative ideas while learning and developing in a professional environment.

PROJECTS

Employment Process Database | [SQL](#)

- The project demonstrates a database built to efficiently manage employment-related data.
- It comprises major components of personnel information, compensation details, department organization, and designations, as well as a demonstration of relational database administration fundamentals with MySQL.

Amazon Laptop Sales Dashboard | [Excel](#)

- Created an Excel dashboard analyzing Amazon laptop sales data by the top 3 companies.
- Provided comprehensive insights into product performance, pricing trends, and customer preferences, leading to a 10% increase in sales forecasting accuracy.

Amazon Prime TV Shows Dashboard | [Power BI](#)

- Developed a Power BI dashboard to analyze Amazon TV shows and movies, visualizing the number of releases, watch hours, and demographic classifications, and delivering qualitative insights.

Spotify Data Analysis Dashboard | [Tableau](#)

- Developed and executed a comprehensive project using Spotify data to identify trends.
- Utilized Tableau to create interactive dashboards and visualizations for better decision-making.

WORK EXPERIENCE

AEQUITAS debt solution private limited

Management Information System (MIS)

October 2024 – December 2024

- Managed and analyzed data to create reports for improving debt collection operations.
- Developed Excel dashboards to track daily performance and collection metrics.
- Supported the integration of data systems for better decision-making.
